# About Olivia

Hello, I'm Olivia

First of all, congratulations! You've found your soul mate, and you're going to spend the rest of your life with your best friend by your side. As a wedding photographer, I'm always so excited to be part of something so special.

And now you get to plan your wedding day! It's a crazy, exhilarating, confusing, fun, whirlwind experience planning your wedding. But don't worry, weddings are my thing. And if you choose to have me as your photographer, I'll be with you every step of the way. Whether you need advice, help choosing suppliers (or just someone to vent to!) I'll be just a phone call away.

# My Style

Olivia Rossi Photography

# My approach

Your wedding day will be a day of moments, small & large.

Those hilarious, emotional, calm-before-the-storm hours getting ready with your closest friends. The first time you see each other at the ceremony, hearts skipping a beat, butterflies in your stomachs. Your first kiss, your first dance. And all the little moments too. The hand-squeezes under the table, the stolen glances, the secret kisses.

They're all the moments you'll want to relive again and again, because they're what'll make your day so special. And they're the moments I want to capture for you!

# The experience

Weddings have always been occasions that have fascinated and drawn me in: I love the quirks, the beauty, the passion & the romance, but most of all, I love that every wedding is completely original.

I go out of my way to take discreet & informal photographs where possible.

I love to capture the moments that are missed, the conversations that are forgotten and the laughter & love that radiates around the room.

Film-like tones and colours really resonate with my style: I take great care when editing each image to ensure that they flow perfectly as a gallery. I like to think that my style is very natural and authentic.

I aim to capture all of those moments, sometimes posed, often natural & then to deliver an album that can be truly cherished forever.

# What to expect

---

I typically arrive one/two hours before your wedding ceremony commences (dependant on location and ceremony time etc).

This is a great opportunity to capture your wedding preparation as it unfolds, getting those gorgeous serene moments as you get ready, as well as taking photos of all your wedding details before the day takes its toll - dress, shoes, jewellery, cufflinks, bowties, flowers, makeup. I'll capture those wonderfully intimate moments of you with your bridal/grooms party, big or small, as well as all those nervous and excited 'butterflies' moments along the way!

I will often direct you towards the best light (which is usually where there's a window!) and really love to capture bridal/grooms portraits before we leave for the ceremony, but ultimately I like to capture it all as it happens naturally, and to tell your story organically as it unfolds.

For larger weddings you can also have the opportunity to experience the magic of A second photographer who will be on hand to capture the other side of the story. From raising their first glass in the morning to putting on button holes. We've got you covered!

# What to expect

---

I love to capture your venue, the reception area and the candid glimpses of love and friendship as your guests arrive and interact with each other. Then there's those stunning shots of you as you walk down the aisle looking your beautiful best, and those exquisite moments of affection when you both say your vows.

After the ceremony, at your request I'll be sure to capture any family & friends portraits that you'll look back on in years to come. I'll always ask in advance for a list of must-have shots you'd really love to have with certain relatives. I will also send out a wedding day questionnaire so that we always know when & where to be!

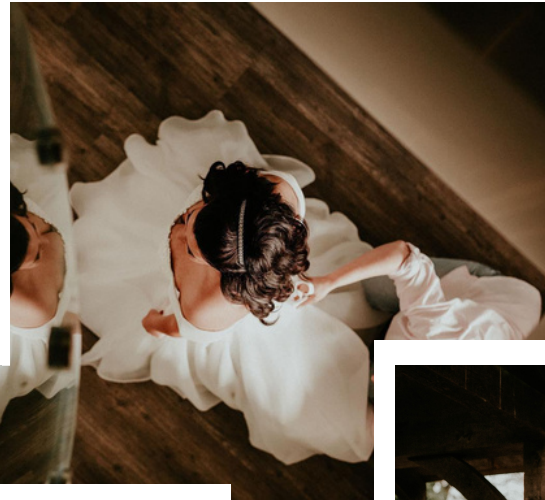

I'll pull the two of you aside, so we can disappear together away from all the hubbub to get the all-important couple portraits of you as newly-married couple. These are some of my favourite shots of the day, as this is your chance to have a moment on your own to celebrate your new marriage with one another.

Sometimes these shots have a bit of direction, sometimes they unfold naturally. The adrenaline and 'in the moment' feeling will add so much to this set of images so don't worry or feel too nervous about having them.

I'll capture the rest of the wedding as it unfolds, taking beautiful little glimpses of laughter, love and friendship throughout the day. Your wedding day will be one of the best days of your life.

I know you'll be super excited to see your photos after your wedding day. So I'll send you a some highlight shots 48 hours after your wedding. The full gallery of photos, carefully edited in my signature style, will be sent to you via a password-protected online gallery within 4-6 weeks after your wedding. So you can pop a bottle of champagne, and relive your day all over again.

# Investment

Choosing your wedding photographer is one of most important decision you'll make for your wedding day. After all the confetti has settled, the cake has been eaten, and your guests have gone home, all you'll have left is each other, your rings, and your photos.

And not only that, you'll spend more time with your wedding photographer on your wedding day than you will with anyone else! (we're like extra guests!) So it's important you feel comfortable to be yourselves around me/us, free to enjoy yourselves fully on the best day of your lives.

If you're nervous about being in front of the camera then there is the option to add an engagement shoot to your package. This is a great 'warm up' for the big day!

Please have a look through your investment options below. If you love my work and can't imagine having anyone else tell the story of your day, I'd love to hear from you.

We've been together for a while now  
We're growing stronger everyday now  
It feels so good and there's no doubt  
I will stay with you as each morning brings the  
sunrise  
And the flowers bloom in springtime  
On my love you can rely  
And I'll stay with you

"All I can say is Wow! There isn't a day that goes by that I don't get emotional looking back at our wedding photographs. Olivia & Tobias captured every moment of happiness in such an elegant way. I feel especially beautiful each time I look back at my morning preparation shots. Nothing was too much trouble both prior to the wedding and also on the day itself.

Olivia & Tobias went out of their way to capture the moments discreetly and naturally. Every photograph has given us an everlasting memory and for that, we cannot thank you enough."

# Frequently asked questions

## How many photos are included in our gallery?

For full wedding day coverage you can expect to receive between 600-800 photographs. All final images are edited in my signature romantic style and are available to download as part of your online gallery, as well as being saved onto your USB stick.

## Can we have the raw files?

Only JPEG file copies are given as a finished product. RAW files are an unfinished product and do not reflect our final finished work.

## Will you visit our venue before the wedding?

For weddings in Cornwall we will always make sure that we are familiar with the venue! We will also offer a zoom meeting with us before the big day.

## How much is it to secure our date?

We ask for a 20% booking fee to secure your date with us, with the remaining 80% balance due one week prior to your big day. The final payment can be paid in installments if this is preferred.

## Do you have a second shooter?

For weddings of over 60 guests there will be two photographers! This means that both bridal prep/s and groom prep/s can be included (there may be a small fuel charge if one party prep is in a more distant location).

## How soon do we need to book you?

Most wedding suppliers can be fully booked 1-3 years in advance and wedding photographers are no exception! It is highly recommended to contact us as soon as you think that we could be the right fit for you!
